- The 3rd RASC meeting took place June 17th.
- Participants engaged in a very dynamic discussion, sharing thoughts, and concerns
- One of the shared observations and concern for the residents well being, is the 2nd floor “Train to Nowhere “It is the way residents are lined up along the hallways during meal time and throughout the day.
- A joint letter on family’s observations on the effect this model of feeding/ assisting residents during meal time has on their loved ones, has been submitted to FC from RASC.
