

Beth Gubbay

Director

As a member of the BC College of Nursing, Beth has worked for 40 years as a Registered Nurse. After graduating, she began her career in the ICU at St Paul's Hospital, and then moved on to Palliative care, ICU, Emergency, Surgery, Acute Medicine, and Cardiac Rehab at the Richmond General Hospital. She also taught Long Term Care, was a student mentor, and worked in an Extended Care Facility.

For the past 22 years, Beth worked at the BC Cancer Agency where she managed the Endoscopy Suite. It was here that she implemented cutting edge technology and new procedures to treat cancer patients. Eventually, she took on the position of Clinical Nurse Leader in the Surgical Suite. In this position, she had the opportunity to be involved with the decision making of best practices, standards of care, patient advocacy and safety.

Aside from nursing, Beth has served on the Boards of Beth Tikvah Synagogue and the Richmond Jewish Day School. She is now directing her interest to give back to her community to the Louis Brier and the Weinberg. She looks forward to working with the Board to help make a difference in the well-being of community members, in particular, our seniors.

Beth joined the Louis Brier Board in 2022.
