

Daniel Zychlinski

Director

Daniel is an Entrepreneur with an Industrial Engineering degree and MBA. With over three decades of hands-on experience, he has owned and operated companies in diverse industries, spanning across Mexico and Canada. His early ventures included owning paint wholesale stores (PPG) and leading a successful construction company in Mexico, specializing in the renovation and restoration of commercial buildings.

In 1997, he relocated to Canada with his wife, where he delved into the restaurant industry, taking ownership of multiple restaurants and food franchises. In 2006, Daniel established an injection moulding manufacturing facility dedicated to supplying high-quality containers to the paint industry. Simultaneously, he developed his real estate acumen by acquiring, renovating and strategically selling properties throughout the Lower Mainland. Currently, Daniel serves as the Managing Partner of K1 Speed Canada, a premier entertainment enterprise that owns and operates electric go-kart tracks across North America. Daniel joined the Louis Brier Board in 2023.
